

# PC175 Commemorative Garden

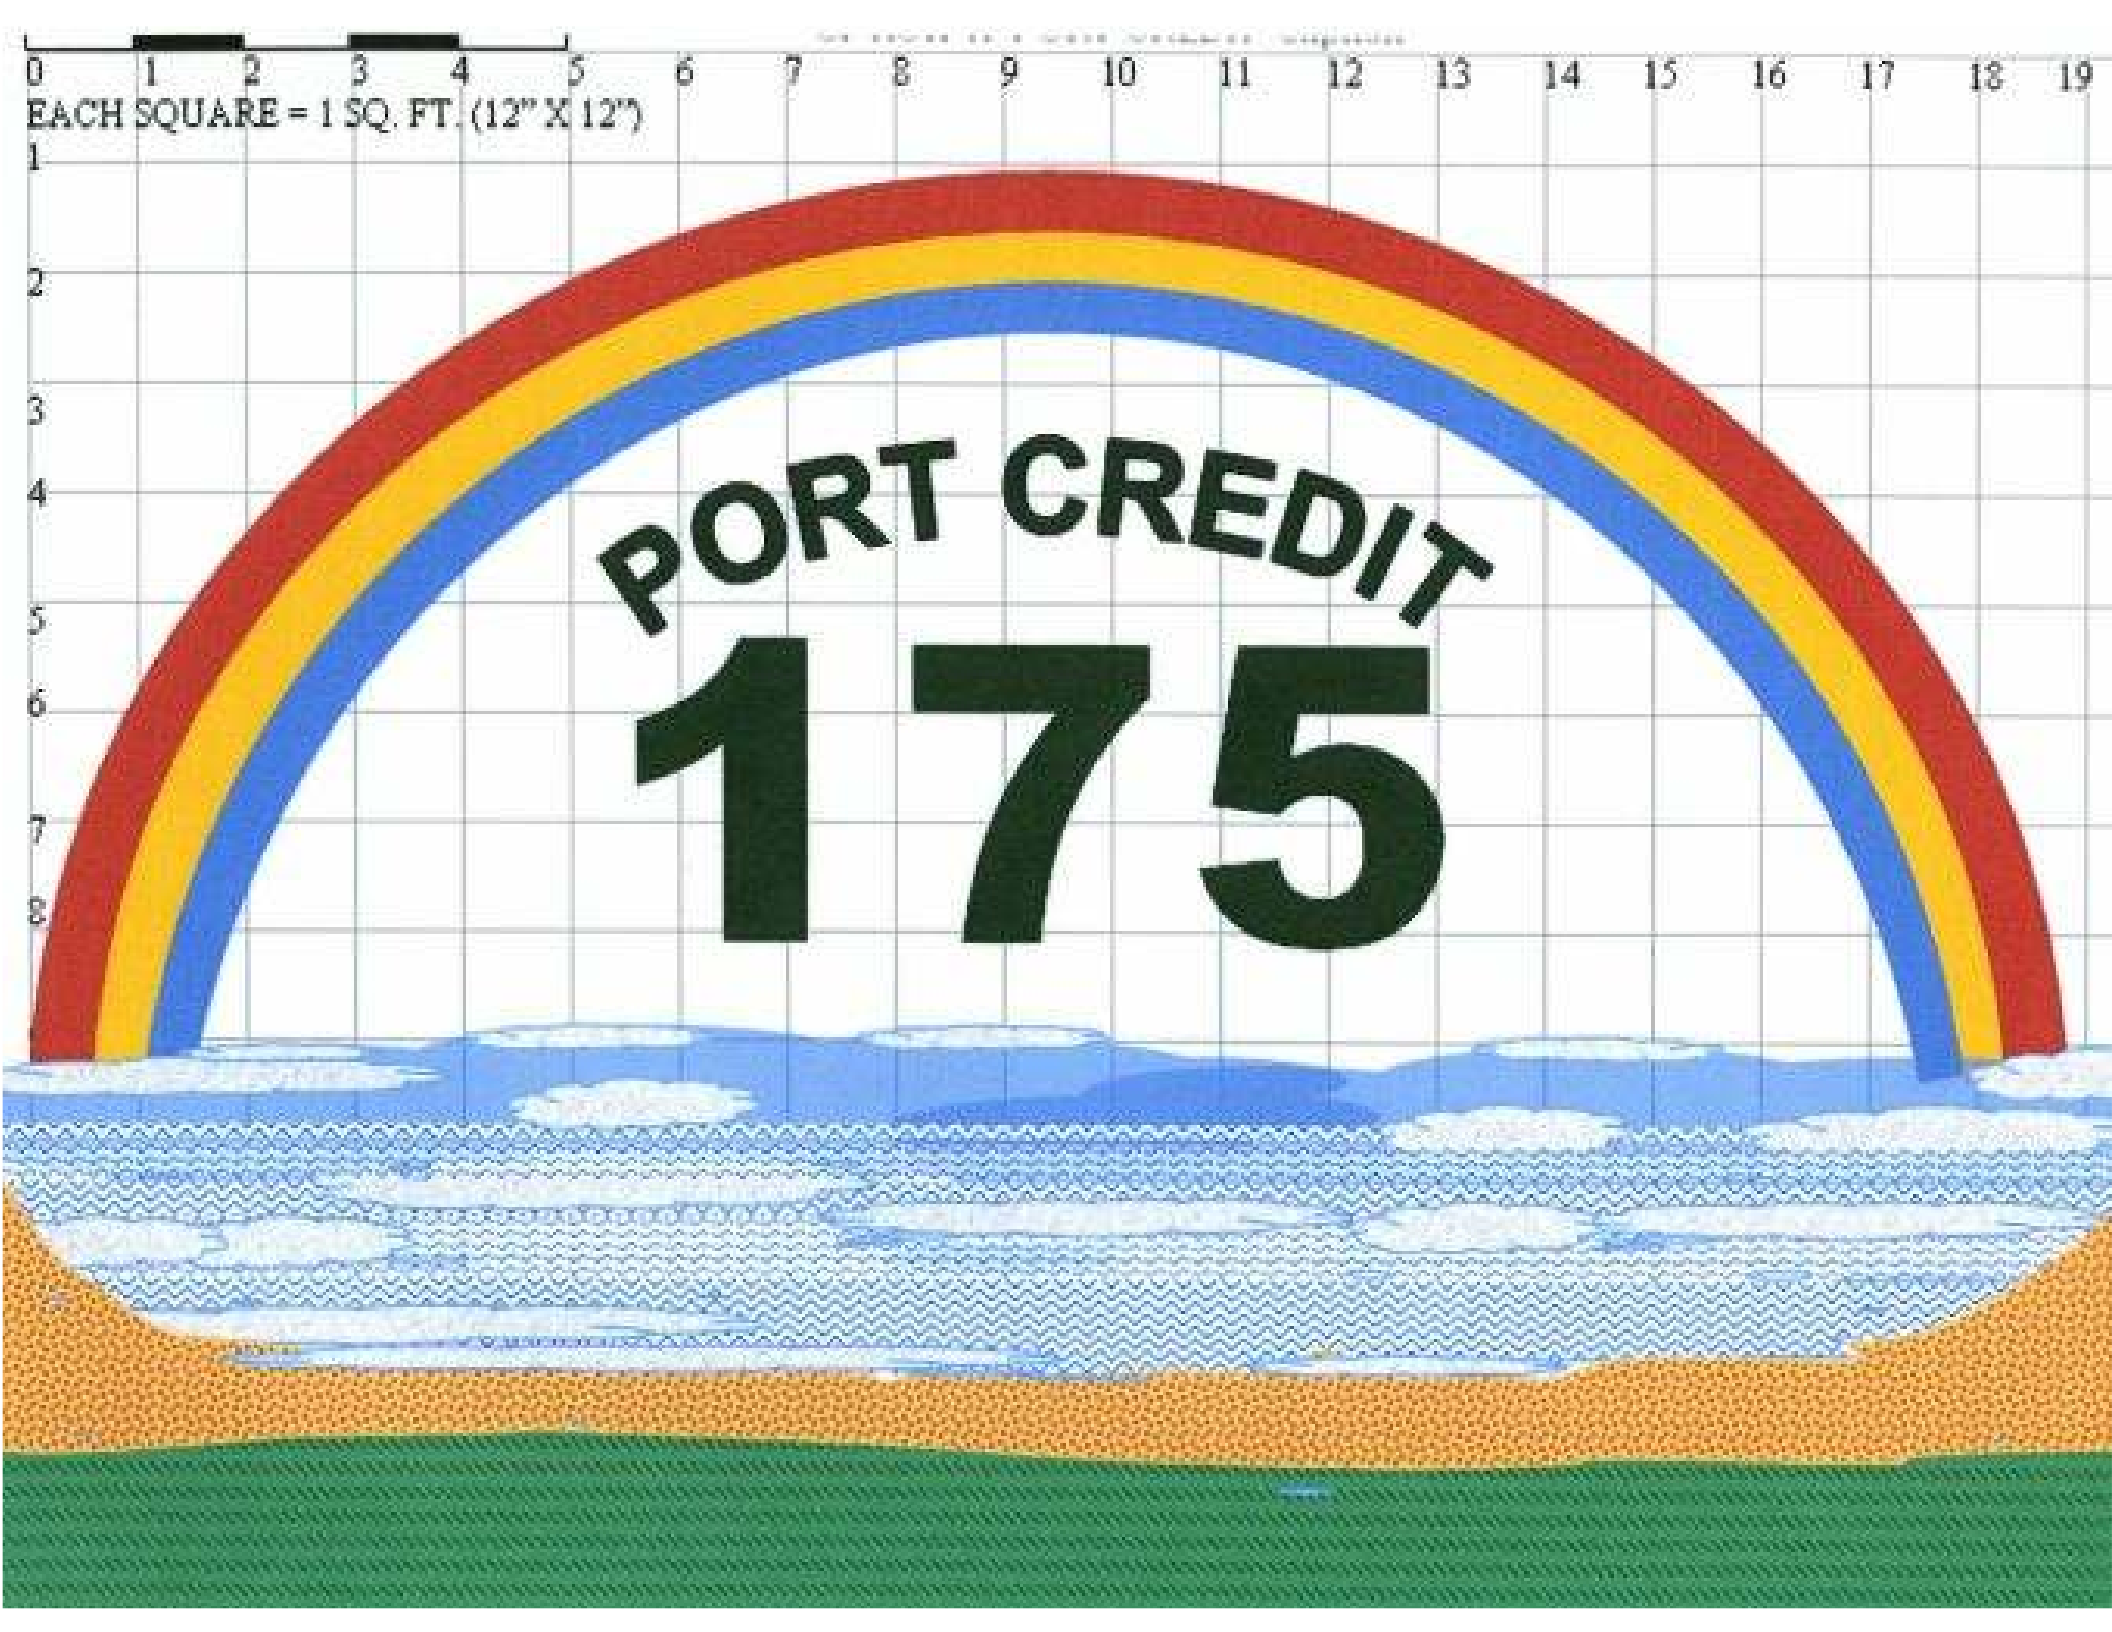

On the evening of Tuesday, June 15, 2010, Port Credit residents gathered at the former Port Credit Lawn Bowling property (SW corner of Hurontario and Park streets) for the revealing and ribbon cutting of the Port Credit 175th Anniversary Commemorative Flowerbed.

The 20' x 15' flowerbed symbolizes Port Credit as “the village by the lake”. The rainbow reflects the rainbows seen over the lake, and the wavy area below the number 175 resembles the lake and the waves. The materials used are annual flowering plants and boxwood, an evergreen shrub.

It was designed and built by members of the Cloverleaf Garden Club of Mississauga, with support from City of Mississauga and The Port Credit 175th Anniversary Committee.

Here is a photo record of this growing project...
